\$2,000 Fire Damage To Bales Of Waste | ACIDS IN STOMACH

Damage to the extent of \$2,000 resulted from a blaze which broke out Thursday afternoon at 5.30 o'clock in a large number of bales of waste on the loading station located under the tunnel in the old Elevator Building on West Main street now owned by Max Gordon and Sons Corcorpatio. The blaze had the earmarks of a serious fire and had it not been for the quick discovery and prompt action by the fire department the building, pilled to the roof with inflammable material, would have been threatened with otal loss.

At 5.30 o'clock Thursday afternoon a telephone message was received at the Central Fire station to the effect that there was a fire in the Max Gordon building and the pumper had just left the station when Box 116, Washington square, came in. This called

TESTS AT WOMEN'S COLLEGE
Connecticut College at New London has adopted the modern intelligence tests as a method of obtaining statistics of the freshmen class. The tests were formally initiated at the college on Tuesday afternoon when 130 members of the entering class were subjected to the Alpha tests conducted by Dr. Frank E. Morris of the psychology and education department. The Alpha tests were used on officers in the United States army during the war. They have been accepted by the psychological division of the ord-nance department as the best medium for ascertaining the comparative keenness, etc., of a group of individuals.
Courses in mental testing are given at the college to seniors and emphasis laid on practical work for experience in the course. Enrollment in these recently added psychology courses is quite heavy and the work entailed is most interesting in its wide field. TESTS AT WOMEN'S COLLEGE

It is understood that the combined fleets will be operated for the Tobacco Products corporation, which has inaugurated an extensive international program. Both the Virginia Shipbuilding corporation and the Groton Iron works are controlled by C. W. Morse and his associates and are virtual subsidiaries of the United States Steamship company. The report is that the United States Steamship Company. United States Steamship company, or a subsidiary, will operate the vessels for the tobacco interests, and that an early development will be the estab-lishment of a regular steamship line to Constantinople and Mediterranean and Mediterranean

ports.

This rumor could not be confirmed, inasmuch as it was stated that Mr. Morse was not in the city.

The shipping board has announced that it will entertain offers from printed that it will enter the printed that it will enter the printed that the printed the printed that the printed that the printed that the p vate interests for the purchase of all vate interests for the purchase of all the vessels built during the war for the government. The financial terms have recently been modified so that the purchaser is compelled to pay down 25 per cent. when the ship is taken over, and the remaining 75 per cent. in regular installments during the next five years. Formerly the shipping board insisted that the 75 per cent, should be paid within three years.

within three years. within three years.

The contract with the Groton Iron works was for six ships of the 9,00-ton register and six of the 8,800-ton type. So far four of the 8,800-ton class have been built. The Tollard, City of Worcester and the Nameaug are the names of three of these. The fourth was launched last Saturday. There are six ships on the ways at the Groton yards now, it is understood, the majority of them being the 9,400-ton size.

According to the financial arrange.

According to the financial arrangements with the government, the buildments with the government, the builders are to be paid for the ships when they are delivered. The shipbuilder, in this case, may then pay 25 per cent. of this amount to the shipping board, gain possession of the ship and have the remaining 75 per cent. to apply toward future building or for working capital. Among the stockholders of the Virginia Shipbuilding corporation are Colin H. Livingstone, president of the American National bank of Washington: Davis Elkins, former senator ington; Davis Elkins, former senator from West Virginia; Lancaster Wil-liams, of Middendorf, Williams & Co.; William Guggenheimer and Stewart

CAUSE INDIGESTION

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning, gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach and not as some believe to a lack of digestive juices. The delicate stomach lining is irritated, digestion is delayed and food sours, causing the disagreeable symptoms which every stomach sufferer knows so well.

Artificial digestents are not needed in such cases and may do real harm. Try laying aside all digestive aids and instead get from any druggist a few ounces of Bisurated Magnesia and take a teaspoonful in a quarter glass of water right after eating. This sweetens the stomach, prevents the formation of excess acid and there is no sourness, gas or pain. Bisurated Magnesia (in powder or tablet formnever liquid or milk) is harmless to the stomach, inexpensive to take and is the most efficient form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

interests and the Tobacco Products corporation. However, it is said that the corporation will use the ships to send its products to all parts of the world and that the Constantinople service will be employed to take tobacco, cigarettes and other commodiates. bacco, cigarettes and other commodi-ties to English and Mediterranean ports, while it could bring back Turk-ish tobaccos and other products of the Far East.

George J. Whelan is president of the Tobacco Products corporation and it has been intimated for some time that the company was planning to acquire a fleet of its own.

TAKES TWO MEN TO PRISON AT WETHERSFIELD

Sheriff Sidney A. Brown took two men on Thursday from the jail in New London to the state prison, where they will serve terms for crimes for which they were convicted at the September term of the superior court at Norwich. Victor Fredericks, who was found guilty of having robbed a freight car in the Shaw's Neck yard of the New Haven Railroad company in New London, goes to prison Tor not in New London, goes to prison for not less than two years and he may be kept there for five years if his conduct warrants his detention. James Torchi, for an assault with intent to kill a man at East New London, was committed to serve a sen-tence of not less than one year nor

the final resting place of each Ameri-can hero. Many of the old men, wo-men and children had been under the fron rule of the Germans, and were liberated by the American forces. Al of the graves which they are so eager to keep orderly are the final resting places of the Americans who made the supreme sacrifice in their behalf.
A cable from Mr. Mulligan stated that all the French residents of the Meuse-Argonne district made Sept. 26 a holiday to commemorate the dash and pluck of the American army. It was the first anniversary of the greatest offensive marking the final stage of the war. The harvest and fields were abandoned by the simple peasant folks who travelled in small wagons and afoot to the Romagne Cemetery. Some of the farmers brought small paint pails to re-dec-orate the wooden crosses and mark-ings on the graves. In the Rhineland, the Knights and men from the regular
